The amount, viz Rs 116, referred to in para 2 of the Plague Commr's Memo. under the head "Direction" is made up of the following item

Allowance

These are borne on the permanent establishment of the Dewans Office and their allowances alone are

are debited to plague funds.

2. Owing to the pressure of work consequent upon the heavy increase of correspondence ~~work~~ in the Secretariat in connection with Plague Prevention measures two temporary clerks of the General Branch were deputed in addition to the clerks referred to above on Pay and allowances as below.

3. On the application of the Assistant Secy, Plague Branch, for

Orderlies 2 peons at Rs 8 each were appointed for Dr. Plenner and the Ray of these is also debited to Plague fund thus making a total of Rs 116 per mensem.

is normally much less.
He also says that the
reason for the absence should
continue, that Clerks
working here get practically
no holidays whereas in
Bureau Office they get
every Saturday holiday.
I think this also needs
favourable consideration.
I should think we have
a place in Bureau Office
found for any two persons
they have worked very
steadily with & they are
both respected by all men

16,00,000.

The above items were struck out from original Budget and separate orders promised.

Since then action on various items is as follows:—

1. Plague Commissioner's estimate is 5,00,000 - must be reduced. How much has already been spent and how much can we reduce by using the Revenue and Police departments to the fullest extent?

What have we spent upon materials &c., How much can be realized? In fact stock account wanted.

2. Bangalore Extensions.

In D.P.W. I have sanctioned estimate for 1,89,402.

Part already spent. Standesh Lee has been asked through D.P.W. Secretary to say how much has already been spent, and how much he requires for remaining months of current year.

3. Sanitary Budget. Has been reduced. D.P.W. Secretary will send revised one.

4. Railway - Interest. Comptroller should calculate exactly and let us know what to enter at 1s 4d the rupee.

5. Railway Construction - Revised Budget is for Rs. 5,53,869. General D.P.W. Budget being reduced by 5 lacs or more.

Comptroller should study Budget carefully to reduce deficit to a minimum. I should be glad if he can balance both sides.

Memo

As desired by the Dewan, I send up a revised Budget relating to Expenditure in Connection with Plague Preventive measures during the year 1899–1900 for Rs 3,80,000 omitting therein the provision of nearly Rs 50,000 made in the original Budget for the pay of Gazetted Officers of the Revenue and Medical Departments and

Now that Plague Police & Others Establishments have been considerably reduced orders will have to be issued for the Regular Police doing the Plague work in the matter of detention, Segregation &c &c.

Plague

and also the Subordinate Medical Staff, such as, Lady Apothecaries, Hospital Assistants &c now employed on plague duty. The reason for the omission is that though para 14 of the Government Order No. 3082-94 × - Fl-313 dated the 26th October 1898, lays down that the pay and allowances of the Officers employed on plague duty should be debited

to

× Page 196 of the Compilation of the Plague Regulations & Rules.

to plague, it would be superfluous to provide for the pay of these Officers in the Plague Budget, when the Provincial Civil and Medical Budgets containing the provision have already been passed by Government without a corresponding reduction in those Budgets. It is therefore suggested that in para 14 of the Government Order No. 3082-94 H 313 dated 26th October 1898

1898 10 may be so
altered as to authorise
the Comptroller to
debit the pay of
these Officers for
the current year
to the Departments
concerned, the Plague
allowances for which
provision is made
in the present Budget
being charged to
the Plague Department.
The Senior Surgeon
may also be requested
not to fill up as
during the current
year

Year, Vacancies
caused by the trans-
-fer of Medical
Officers & Subordinates
for temporary Plague
duty. If, however,
any vacancies have
already been tem-
porarily filled up
or other acting or
arrangements made
for the efficient wor-
-king of the Depart-
-ment, the addi-
-tional Expense
incurred could
be debited to
General

General Savings
in the Budget.

Though the expen-
diture already
incurred during
the current year is
more than 2 Lakhs,
I have considerably
reduced the provision
under these heads
on the assumption
that Plague will not
assume more serious
proportions than
those at present
existing. Should,
however, Plague
increase in the
Districts

Districts already affected or should new Districts become affected, a supplemental Budget will have to be sanctioned by the Government.

I have the honour to be,

Sir,

Plague Commissioner.

Plague Budget.

I think I ought to make the following remarks.

This is the first Budget which I have ever brought before the Council & I am not therefore in a position to be benefitted by the criticism of any comparison or to judge the exact extent and effect of saving. But I am willing to be guided by the responsible judgment of the Plague Committee with regard to the details.

I am not sure that there was any necessity to keep this expenditure, or also the rules & regulations which were framed in connection with plague from time to time, outside the cognizance of the Council. Both

There matters, those which
fall within the purview
of the Council under
of business which
require their scrutiny
by the whole Council —
One is a matter of the State
Budget, and the other
is wholly & solely a finance matter
of legislation — and probably
It may perhaps be
urged that from the
nature of the case it is
impossible to make any
estimate or forecast of
the probable expenditure for a unplanned period
and that the inclusion
of it in the annual Budget
-get is to say the least
not practicable. There
is certainly much force
in this aspect of the
question and where the
difficulty presents itself
without its proper solution
I think we may look
for the latter elsewhere.
In Madras where there
are monthly estimates which
from the Secretariat filed

2)

with their [illegible] at
the suggestion of the T.P.
Committee answers the
purpose completely.
Not only does it show
the actual & direct
expenditure connected
with plague, but also
exhibits the indirect
incidence of expenditure
in the other Depts in
consequence of plague.
The portion which is
appropriated from Loan
& Debt Funds is also
separately entered. This
form of the estimates
commends itself & I
would urge its adoption

It is I think
[illegible] consider our
Council rules of business
as permitting the rule
& bye laws under Regulation
~~being published~~ without
reference to the Council
I have more than once
pointed this out already
& I beg again to take
this opportunity to record
my opinion that at
present are irregularly

framing and promulgation of

is being committed.

I shall now briefly refer to some of the points which even to an outsider like myself seem to require some explanation.

The cities of Mysore and Bangalore are about the same in extent & population & the principal figures for them are shown below:—

| | Bangalore | Mysore |
|---|---|---|
| Officers - | 10530. —— | 4977 |
| Clerical & Menial | 5882 —— | 2350 |
| Police —— | 13291 —— | 6351 |
| Observation & Supervision | 9530 —— | 4467 |
| Disinfection | 7807. — | 4264. |
| | × | × |
| Total | 54192.. | 36936. |
| Special Sanitary | 18.000. | 830 |
| Supply of water | 6200. | 1654 |

The differences are striking and in the absence of explanation are not easy of comprehension. Much less can one hope to base his judgment upon them.

96

The prevalence of plag
in both the cities ma
be believed to be of the
same extent & charact
but even the standard
of expenditure does
not appear to be the
same - If it can be
assumed that the
Mysore expenditure
furnishes such a
standard Bangalore
seems to be capable of
undergoing scrutiny
and reduction - It
does not seem to be
advisable to further de
-lay the consideration
of this matter as one half
of the year for which
this budget is framed
has elapsed and
a large portion of the
expenditure estimated
for has been already
incurred however,
spent. It is a question
for consideration whether
under the circumstances, it is
not be proper for the

reno

Council before a re-
solution that monthly
estimates should be
placed before it in addition
to the Budget which is
now under consideration
and especially having
regard to the fact that
the whole of the expenditure
hitherto incurred has
not been before the Council
at all -

Observation shows
-ation is a large item
and the Bangalore Distt
has again the largest
amount shown against
it. It is my impression
that in Mysore also which
is a much larger Distt
than Bangalore the disease
is as wide - spread as in
the latter. If there are
any special reasons to explain this inverse difference
they do not appear in any
of the papers in this file -

Offices & the Menial
and clerical establishments
seem to admit of great
reduction. These alone
account for an expenditure

4)

of more than 65000
A. and it is high
time to effect a
material reduction
in it. It is said that
in the adjt civil &
Military Station the
whole plague adm^n
has been entrusted to
the Municipality and
on Municipalities.
both in Bangalore &
Mysore are not less
efficient. In the former
both the President &
Vice Presidt are paid
by the Municipality
& while in the latter liberally
the Vice Pres^t is paid.
I do not see why we
should follow in the
wake of our neighbours
and do away with the
costly plague establishments
beginning with
Chief Plague Officers.
We are none too
soon to effect this improve
ment.

I must at this place
again revert to what I

note some months
ago regarding the future
Plague management.
The inconvenience of
the present arrangement
has been more acutely
felt by Govt and it is
anomalous that a Member
of Govt should also be
a Plague Comr receiving
orders in a different
capacity from himself
as such member - This
observation does not
at all reflect with results
achieved; & there is every
reason to continue the
same control & manage
ment by Govt. But as I
have already suggested
it seems time that time
has arrived for shifting
the primary executive
direction with Senior Surgeon - who will have of course
the help and cooperation
of our District officers
and their staff, on
whom lies primarily
the duty of carrying
out all the measures
approved by Govt.
As one having a responsible
voice in the measures of
Govt I feel it my duty to
state my views frankly
for the consideration of
Govt and in this matter
I beg earnestly to be understood

5) 30

that my suggestions
have been conceived
entirely from a regard
to what I understand
to be the correct principles
and the present requirements
ples, without extraneous
to personal considerations
Providence has hitherto
saved us from an
extension of this ca-
lamity, but if we
do not limit our
expenditure when
famine is threatening
& financial difficulties
are grievous then war-
ning we will perhaps
forego our claim to
credit for prudence -
Some of our administra-
tive Depts, such as Forest
Excise, & Education
are in crying need
for increased expenditure
and amelioration.

What I have said
so far is sufficient to
indicate my view
regarding the costliness
of establishments both
in the A.D.C.s and in

the Plague Commrs Office – and their continued retention.

The Dewan is not un-aware that within the last two months Mr Madhavarao expressed more than once his wil-lingness to send back both Mr Plummer & Mr Ramayya to other work I do not believe that anything has since happened to effect a change of this intention – and more, ah all events have been mentioned. This matter was more than once discussed and the Secy also had no objn whatever to Mr Plummer be sent away – He was misled the Secy's explanation that the delay in carrying that intention out was due to some personal representa-tion which he thought had been made by Mr Plummer, but the Dewan had received nothing such – It is more than two months & since the resolutions were adopted & Govt Orders were notified in the Gazette

also that I believe they have not been given effect to. This I may respectfully point out is aft. the intention of the Council Orders and ~~decision~~ it must be conceded is not compatible with the consideration due to that Institution -

These considerations I have mentioned as bearing upon the ~~question~~ proposal to have two graded officers at the H.S. Q's and as showing the interdependency of if not the ~~also~~ also the want of necessity for any such arrangements. A fortiori it seems to me that making new appts. is quite out of time & uncalled for - We are suffering from a plethora of existing Assistants. Commissioners whose competency is not questioned. Memo.

Mr.Ramaiya

The Dewan wants a monthly Budget for the Plague Department. It should be submitted on or before the 15th of the month to which it relates. It should show------

(Actuals for the penultimate month,

(2). Approximate figures for last month, and

(3).Estimate for the current month, with expla--nation of variations, if any.

Mr.Madhava Rao thinks that the Budget required can easily be prepared and sent every month within the time fixed.

Please do the needful. The first monthly Budget should be for January 1900, and should be sent on or before the 15th of that month.

To The Secretary to the Government of Mysore
Revenue & General Departments

SIR,

With reference to para 1 of Govern-ment Proceedings No. 2685-7 / H: 291 dated 27th September 1899; I have the honor to submit herewith the Budget Estimate relating to the expenditure proposed to be incurred in connection with Plague preventive measures during the year 1899—1900 with a memo: shewing the particulars of reduction made by me in the Estimates sub-mitted by the Local Officers.

2. The Budget as now framed comes

2

comes to Rs 5,00,000 (five lakhs). If the approximate expenditure of Rs 1,35,000/- already incurred during the months of July, August and September 1899 is deducted therefrom, the balance required during the year is Rs 3,65,000/-. I hope however that there will be no occasion to utilize the whole of this amount if the plague subsides during the ensuing months.

It would perhaps facilitate possibilities of Reduction if when reviewing the Budget Government would be pleased to express an opinion on the desirability of the ordinary Revenue and Police Establishments of the Districts being more and more relied on to perform

perform the various duties in con-
-nection with Plague operations.

I have the honor to be
Sir,
Your most obedient Servant

M Jagannadha Rao
Plague Commissioner
in Mysore.

Memo

The Budgets relating
to Plague Expenditure —
during the year 1899-190
received from the Several
officers have been checked
The provisions made
against certain items
which appear to be —
excessive will be reduce
to the extent noted belo

I Direction.

2. Under the head
"I Direction" the pay
and allowances of the
Establishment attached
to the Dewan's Office
amounting

amounting to Rs 116 per mensem debitable to Plague funds will be reduced from 1st January 1900.

3. As the services of two Gazetted officers are required for the office of the Plague Commissioner including the Plague Branch of the Dewan's office which is located in the same building, provision is made in the Budget for an Assistant Secretary on Rs 500/- with a plague allowance of Rs 100/- a month to be

6

in charge of the office. Of the Plague Commissioner and of the Plague Branch of the Secretariat, and for an Extra Assistant — Commissioner on Rs 250/- per mensem. The latter appointment will not only bring in a saving of Rs 200/- per mensem in the pay of the Persona Assistant to Plague-Commissioner but will also give additional facility for the despatch of work in the Head Quarters office when one of the officers

is

is required to accompany
the Plague Commissioner
on his inspection tours.
The Government is
therefore requested to
notify the appointment
of Mr. K. Subba Rao,
who has already during
Mr. Plumer's absence on
leave acted as such for
five months to my
complete satisfaction,
as Extra Assistant
Commissioner with effect
from the date of appoint-
ment. By this arrange-
ment Mr. A. Ramanja

Extra

Extra assistant Commissioner now attached to the Plague Department will be transferred to the Dewan's office.

4. The marginally noted establishment attached to the Plague Commissioner's office will also be reduced with effect from 1st January 1900. Of the 5 bicycle orderlies however

1 clerk — on Rs 70/- (This place was vacant from 5-5-99)
1 Do —— Rs 45.
1 Do —— Rs 40.

however, two are employed in the Dewan's office and their pay will from 1st January 1900 be debited to the Dewan's office; while the clerk on Rs 30/- who from the commencement has been working in the Senior Surgeon's office will be transferred to that office.

5 Pending final orders of Government (Vide para 4 of their Pro:

II Executive.
A. District Head Quarters.

Proceedings No. 337 to 50 —
dated 30th September 189;
the provision of Rs 600/-
will be retained for the
allowance of the Assistan
Superintendent of Police
attached to the Bangalor
District.

6. The provision —
made by the Deputy
Commissioner of Tumku
for a clerk on Rs 15/ fo
the office of the Vice —
President, Tumkur Tow
will be reduced from
1st January 1900.

7. The cost of the
Special

Special Magistrate will also be abolished with effect from 1st January 1900 and the Deputy Commissioner requested to assign the work to the other magistrates in the City.

8. The sum of Rs 4,000/ provided for contingencies in the Chief Plague Office, Bangalore City is large. It will therefore be reduced to Rs 2,000/- which will still be more by Rs 451/- than the amount provided for the Chief Plague Office,

Mysore

Mysore City. 17

9. The sum of Rs 2,895/- entered in the Budget by the Deputy Commissioner Tumkur, under the head "Travelling allowances" will be reduced by Rs 1,895/- as the travelling allowance of the District Plague Officer who is also the Assistant Superintendent of Police is being debited to the Police Budget.

10 The sum of Rs 2,640/- provided for the Bangalore City under the head "Special Sanitary charges"

viz:

viz. Demolition of houses,
will be reduced to
Rs 18,000/- at Rs 1,500/-
per mensem.

11. The sum of
Rs 4,560/- provided by
the following officers
under the head
other items" will also
be omitted as the items
have not been specified.

The President

12. The provision made by the Deputy Commissioner, Kolar District for the pay of the Special Officer, Kolar Gold Fields will be reduced as there is no necessity for retaining the services of a Special Officer after the 1st January 1900. The plague work of the Bowringpett Taluk will, after that date, be entrusted to the Assistant Superintendent of Police, Kolar Gold Fields.

13. The

13. The sum of Rs 590/- provided by the Deputy Commissioners of Tumkur and Mysore under the head "13 cart hire" will be dis-allowed, as no provision is made under this head by other Deputy Commissioners and the charge if any could be debited to the head — Contingencies.

14 The sum of Rs 951/- provided by the Deputy Commissioner, Tumkur, under the head — "14 Interest charges"

will —

16

will be reduced by Rs 600/-
the amount retained being
Rs 351/- which is less by
Rs 149/- and 9 respectively
than the amounts provide
in the Bangalore and
Mysore Districts.

15. As the Senior Surgeo
has provided Rs 500/- fo
the purchase of Europe
medicines and Rs 4,000/-
for disinfectants, the
provision made for the
latter by the Deputy -
Commissioners of Bangalor
and Tumkur will be
